

MEGAPOXY - Epoxies & Related Products

- ⊕ H - general purpose liquid epoxy
- ⊕ H Rapid Set & H colours - general purpose liquid epoxy
- ⊕ HX - very low viscosity liquid epoxy
- ⊕ 206 - filled high flow grout
- ⊕ MC - chemical resistant coating
- ⊕ CT - tar epoxy coating system
- ⊕ 154 - water based binder & sealer
- ⊕ LSS5 - slot sealant
- ⊕ 55 - low viscosity casting & impregnation (electrical)
- ⊕ E - filled system for electrical castings
- ⊕ E/155 - casting for elevated temperatures
- ⊕ 34 - low viscosity for electric motor impregnation
- ⊕ 132 - laminating and flooring system
- ⊕ 37 - laminating system
- ⊕ PF Liquid & Gel - general purpose fast-setting adhesive
- ⊕ HICB - crusher backing
- ⊕ 57 - high performance casting
- ⊕ HT - hydrophilic gel
- ⊕ P1 - concrete repair paste
- ⊕ PM - general purpose adhesive paste (white or grey)
- ⊕ PM - gun grade self mixing cart
- ⊕ 69 Liquid & Gel- adhesive
- ⊕ PF Liquid & Gel - fast setting adhesive
- ⊕ RMF - fast setting general purpose paste
- ⊕ PF Paste - very fast setting general purpose paste
- ⊕ 84 - high temperature resistant
- ⊕ 54 - underwater repair paste
- ⊕ Megadure Ceramic - wear resistant lining
- ⊕ Injection balloons
- ⊕ Thinners

Plus other specialized epoxy systems.

Permatech

Product Overview

Epoxies
Grouts
Concrete Repair
Adhesives
Waterstops
Sealants
Waterproofing
Fastening Systems
Diamond Cutting

Sealants

Industrial sealants supplied by Permotech include;

Silicones

- ⊕ Silicone WG (Transparent) - acetoxycure silicone for use with window and glass
- ⊕ Silicone RG - neutrally cure silicone for general use including roof & gutter, variety of colours available
- ⊕ Silicone KB (White & Transparent) - acetoxycure with mould inhibitor for kitchen and bathroom

Acrylic Sealants (water clean up)

- ⊕ Fulaseal - acrylic sealant suitable for interior and exterior joints (Grey)
- ⊕ Firesound - fire rated acrylic sealant (Grey)

Polyurethanes (One Part)

- ⊕ Seal N Flex - one part polyurethane for joints in concrete, masonry and other building materials, medium cure time, variety of colours available
- ⊕ Seal N Flex FC - one part polyurethane fast cure for general sealing and adhesion, paintable, trafficable and fuel resistant (White, Grey or Black)
- ⊕ Fireban One - fire rated polyurethane sealant

Specific primers are available for use of products with different substrates

Acrylics

- ⊕ Colour Caulk (large range)
- ⊕ Gap Filler - premium grade general purpose white mastic

Specialty Mastics

- ⊕ Coolroom - low odour mastic for coolrooms
- ⊕ Galseal WB - water based rubber mastic for ductwork

Joint Fillers & Backing Rods

Foam Filler - expanding polyurethane foam in a can for filling gaps

Open cell polyurethane and closed cell polyurethane backing rod and strips of almost any size.

Blades

We also have a range of **diamond cutting, drilling and grinding blades.**

Grouts

Permotech supplies cementitious and epoxy grouts.

Cementitious grouts include;

- ⊕ Penacrete - a general purpose high quality non-shrink Type A grout
- ⊕ Techflow HS - a superior high flow, non-shrink Type C grout

- ⊕ Techflow HES - a superior high flow, non-shrink Type C grout with high early strength
- ⊕ Techflow GP - a superior high flow, non-shrink Type C grout
- ⊕ Flowfill Panel grout - economical Type A grout.
- ⊕ Flowfill Grout GP - multipurpose non shrink Class A cementitious grout

Concrete Floor Treatments

- ⊕ Lankolevel 133 - self smoothing cementitious levelling compound
- ⊕ Lanko Ultraprime - primer for self levelling products
- ⊕ Floor Grains - pure silicon-carbide grains specially graded to provide anti-slip surface
- ⊕ Floorseal A - resin based acrylic concrete floor sealer
- ⊕ Floorseal EP (Clear and Grey) - water borne epoxy coating providing excellent wear resistance
- ⊕ Armatite - chemical concrete floor hardener and sealer
- ⊕ Heavy Duty epoxy floor coatings including anti-slip
- ⊕ Megapoxy HT - trowellable epoxy
- ⊕ Megapoxy 259 - self levelling epoxy floor system, comprising resin, curing agent and filler
- ⊕ Epoxy colour packs

Pipe Wraps

The pipe wraps we sell are:

Petrolatum type (various widths) - petroleum tapes and complementary products for protection of pipelines, fittings, cables and tensioning systems

Priming Paste - for preparation of metal surfaces prior to wrapping

Overwrap - tape for protection of wax wrap

Manhole Tape - butyl tape 17mm for manhole joints

Concrete Repair

Cement based repair mortars

- ⊕ Conpatch - concrete repair mortar (5 - 15mm)
- ⊕ High Build Mortars - for vertical and overhead repairs (various strengths)
- ⊕ Fairing Coat - smooth mortar for resurfacing vertical applications
- ⊕ Structural Repair Mortar - High strength repair mortar for concrete
- ⊕ Granopatch - smooth past for concrete surface repairs
- ⊕ Waterplug - fast setting mortar to stop water ingress
- ⊕ Rapid Set 60 - fast setting high strength magnesium phosphate concrete for grouting and repair

Repair Primers, Bonding Agents

- ⊕ Rendergrip - primer and admixture for strengthening mortars
- ⊕ Bond N Seal - acrylic based primer for use with renders and other cementitious mortars

Steel Protection

Zinc Rich Paint - zinc paint for protection of rebar prior to repair

Concrete Crack Injection

- ⊕ Low viscosity high strength epoxies
- ⊕ Low Viscosity polyurethane (water reactive)
- ⊕ Injection balloons - specialised stick on nipples that can be injected to keep the epoxy under pressure until cured
- ⊕ Injection Pumps - Modified grease gun and pumps to inject epoxy or polyurethane into injection nipples
- ⊕ Injection Packers - For high pressure injection

Tenax

Tenax products are used for glueing and filling natural and manufactured stone.

The reactivity is good at low temperature. Tenax can meet the demands of customers because of their newest technological advances and continuous product renewal.

The Tenax products available are:

- ⊕ Tenax Ager
- ⊕ Tenax Bianco (White)
- ⊕ Tenax Nero (Black)
- ⊕ Tenax Solido (Beige)
- ⊕ Tenax Transparente
- ⊕ Tenax Hydrex
- ⊕ Tenax Crystal
- ⊕ Tenax Pamir Wax
- ⊕ Tenax Colour Pigments

Backing Rod

We supply two types of backing rods, Open Cell & Closed Cell. These polyurethane foam rod is primarily used as a backing strip for expansion joints or as a gap filler for any open joints.

These are supplied in circular section cords of varying diameter.

The open cell rods are available in following sizes:

10MM X 210M

16MM X 150M

22MM X 100M

29MM X 60M

38MM X 30M

50MM X 20M

The closed cell rods are available in following sizes:

6MM X 250M

10MM X 200M

13MM X 100M

15MM X 100M

20MM X 60M

25MM X 50M

30MM X 50M

40MM X 2M

50MM X 2M

Waterproofing

Permaseal has an extensive range of products for waterproofing.

Elastomeric Polyurethane Coating Systems

- ⊕ Dampshield PU - for retaining walls, basements, planter boxes (not suitable for UV exposure)
- ⊕ Duram 195 - suitable for most waterproofing applications including exposed areas such as roofs, decks, podiums and
- ⊕ Dampfix Gold - water based polyurethane for under tile applications such as bathrooms and balconies.
- ⊕ Xypex Crystalline Growth Technology
- ⊕ Aquashield SB40 - water repellent for masonry, allows substrate to breathe, does not change appearance of substrate.

Hydrophilic Waterstops

- ⊕ Volclay RX is a bentonite/Butyl rubber based flexible strip that provides a water-tight seal by expanding upon contact with water.
- ⊕ Akwastop—very good chemical resistance
- ⊕ Kuniseal Waterstop - self adhering
- ⊕ Bentoseal - bentonite paste

Also available - Polyurethane and Epoxy Injection Systems

Partners

Megapoxy

Megapoxy is used for civil, electrical, marble & granite and flooring applications.

<http://www.megapoxy.com>

Bostik

Permaseal distributes a broad range of Bostik adhesives, sealants, waterproofing and other products.

<http://www.bostik.com.au>

Volclay

Permaseal distributes the range of Volclay bentonite products.

<http://www.volclay.com.au>

ITLS-TWA

Permaseal are the WA distributors for the range of Aftek & ITLS TWA products.

<http://www.thomsonwhite.com.au>

Ability Chemicals

Permaseal are the WA distributors for the range of Ability Building Chemicals products.

<http://www.abilityproducts.com.au>

Xypex

Permaseal are the WA distributors for Xypex remedial & waterproofing products.
