Corrosion

# SAFETY DATA SHEET

FLOWFILL GROUT GP  
Revision Number 1.01

Revision date 10-Mar-2021  
Supersedes Date: 03-May-2018

**Signal word**  
Danger

## Hazard statements

H315 - Causes skin irritation  
H318 - Causes serious eye damage  
H335 - May cause respiratory irritation  
H373 - May cause damage to organs through prolonged or repeated exposure

## Precautionary Statements - Prevention

P264 - Wash face, hands and any exposed skin thoroughly after handling  
P280 - Wear protective gloves/protective clothing/eye protection/face protection  
P271 - Use only outdoors or in a well-ventilated area  
P260 - Do not breathe dust/fume/gas/mist/vapors/spray

## Precautionary Statements - Response

P321 - Specific treatment (see supplementary first aid information on this label)  
P314 - Get medical advice/attention if you feel unwell  
P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
P310 - Immediately call a POISON CENTER or doctor/physician  
P302 + P352 - IF ON SKIN: Wash with plenty of soap and water  
P332 + P313 - If skin irritation occurs: Get medical advice/attention  
P362 - Take off contaminated clothing and wash before reuse  
P304 + P340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing  
P312 - Call a POISON CENTER or doctor/physician if you feel unwell

## Precautionary Statements - Storage

P403 + P233 - Store in a well-ventilated place. Keep container tightly closed  
P405 - Store locked up

## Precautionary Statements - Disposal

P501 - Dispose of contents/ container to an approved waste disposal plant

## Other hazards which do not result in classification

When cement reacts with water a strong alkaline solution is produced. Prolonged contact with wet cement or wet concrete may cause serious burns because they develop without pain being felt e.g. when kneeling in wet cement even when wearing trousers

Frequent inhalation of large quantities of cement dust over a long period of time increases the risk of developing lung disease

## Standard for Uniform Scheduling of Medicines and Poisons (SUSMP)

No poisons schedule number allocated

**Poison Schedule Number** Not applicable

## Section 3: Composition and information on ingredients, in accordance with Schedule 8

### Substance

Not applicable

### Mixture

| Chemical name                                     | CAS No      | Weight-% |
|---|-------------|----------|
| Quartz  | 14808-60-7  | 30 - 60% |
| Cement, portland, chemicals (Chromium VI reduced) | 65997-15-1  | 30 - 60% |
| Non-hazardous ingredients                         | Proprietary | Balance  |

# SAFETY DATA SHEET

FLOWFILL GROUT GP  
Revision Number 1.01

Revision date 10-Mar-2021  
Supersedes Date: 03-May-2018

## Section 4: First aid measures

**Emergency telephone number** Poisons Information Center, Australia: 13 11 26  
Poisons Information Center, New Zealand: 0800 764 766

### Description of first aid measures

**General advice** If medical advice is needed, have product container or label at hand.

**Inhalation** Remove to fresh air. Get medical attention immediately if symptoms occur. IF exposed or concerned: Get medical advice/attention.

**Eye contact** Do not rub affected area. Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Consult an ophthalmologist.

**Skin contact** Brush off loose particles from skin. Remove material from skin immediately. Take off contaminated clothing and wash before reuse.

**Ingestion** Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Call a physician.

**Self-protection of the first aider** Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).

### Most important symptoms and effects, both acute and delayed

**Symptoms** Burning sensation. Causes serious eye damage. Irritating to skin. Inhalation of dust in high concentration may cause irritation of respiratory system. When cement reacts with water a strong alkaline solution is produced. Prolonged contact with wet cement or wet concrete may cause serious burns because they develop without pain being felt e.g. when kneeling in wet cement even when wearing trousers.

### Indication of any immediate medical attention and special treatment needed

**Note to physicians** Treat symptomatically.

## Section 5: Firefighting measures

### Suitable extinguishing media

**Suitable extinguishing media** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media** No information available.

### Specific hazards arising from the chemical

**Specific hazards arising from the chemical** No information available.

### Special protective actions for fire-fighters

**Special protective equipment for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

## Section 6: Accidental release measures

### Personal precautions, protective equipment and emergency procedures

# SAFETY DATA SHEET

FLOWFILL GROUT GP  
Revision Number 1.01

Revision date 10-Mar-2021  
Supersedes Date: 03-May-2018

**Personal precautions** Avoid generation of dust. Do not get in eyes, on skin, or on clothing. Use personal protective equipment as required.

**Other information** Refer to protective measures listed in Sections 7 and 8.

**For emergency responders** Use personal protection recommended in Section 8.

## Environmental precautions

**Environmental precautions** Prevent product from entering drains. Do not allow to enter into soil/subsoil.

## Methods and material for containment and cleaning up

**Methods for containment** Cover powder spill with plastic sheet or tarp to minimize spreading and keep powder dry. Prevent dust cloud.

**Methods for cleaning up** Do not dry sweep dust. Wet dust with water before sweeping or use a vacuum to collect dust. Use appropriate personal protective equipment (PPE). Carefully shovel or sweep up spilled material and place in suitable container. Avoid generating dust.

## Precautions to prevent secondary hazards

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## **Section 7: Handling and storage, including how the chemical may be safely used**

### Precautions for safe handling

**Advice on safe handling** Ensure adequate ventilation. Avoid generation of dust. Avoid contact with skin, eyes or clothing. Use personal protection equipment. Take off contaminated clothing and wash before reuse.

**General hygiene considerations** Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep out of the reach of children. Keep the packing dry and well sealed to prevent contamination and absorption of humidity.

**Incompatible materials** Strong acids. Strong bases. Strong oxidizing agents. Acids. Aluminum.

## **Section 8: Exposure controls and personal protection**

### Control parameters

#### Exposure Limits

| Chemical name   | Australia                  |
|---|----------------------------|
| Quartz<br>14808-60-7  | 0.05 mg/m <sup>3</sup> TWA |
| Cement, portland, chemicals (Chromium VI reduced)<br>65997-15-1 | 10 mg/m <sup>3</sup> TWA   |

OEL as published by Safe Work Australia

### Appropriate engineering controls

**Engineering controls** Showers, eyewash stations, and ventilation systems.

# SAFETY DATA SHEET

FLOWFILL GROUT GP  
Revision Number 1.01

Revision date 10-Mar-2021  
Supersedes Date: 03-May-2018

## Individual protection measures, such as personal protective equipment

|                                 |  |
|---------------------------------|--|
| Eye/face protection             | Tight sealing safety goggles.  |
| Skin and body protection        | Wear suitable protective clothing. Long sleeved clothing.  |
| Hand protection                 | Wear suitable gloves. Impervious gloves.   |
| Respiratory protection          | No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required. |
| Environmental exposure controls | No information available.  |

## **Section 9: Physical and chemical properties**

### Information on basic physical and chemical properties

|                |                          |
|----------------|--------------------------|
| Physical state | Solid                    |
| Appearance     | Powder                   |
| Color          | Gray                     |
| Odor           | Odorless                 |
| Odor threshold | No information available |

| Property                                | Values                   | Remarks • Method   |
|---|--------------------------|--|
| pH                                      | No data available        |  |
| Melting point / freezing point          | No data available        |  |
| Initial boiling point and boiling range | No data available        |  |
| Flash point                             | No data available        |  |
| Evaporation rate                        | No data available        |  |
| Flammability                            | No data available        |  |
| Flammability Limit in Air               |                          |  |
| Upper flammability or explosive limits  | No data available        |  |
| Lower flammability or explosive limits  | No data available        |  |
| Vapor pressure                          | No data available        |  |
| Relative vapor density                  | No data available        |  |
| Relative density                        | 1.6                      |  |
| Water solubility                        | Insoluble in water       | Cement based products react and solidify in contact with water |
| Solubility(ies)                         | No data available        |  |
| Partition coefficient                   | No data available        |  |
| Autoignition temperature                | No data available        |  |
| Decomposition temperature               | No data available        |  |
| Kinematic viscosity                     | No data available        |  |
| Dynamic viscosity                       | No data available        |  |
| Explosive properties                    | No information available |  |
| Oxidizing properties                    | No information available |  |
| <u>Other information</u>                |                          |  |
| Solid content (%)                       | No information available |  |
| VOC Content (%)                         | No information available |  |
| Liquid Density                          | No information available |  |

## **Section 10: Stability and reactivity**

### Reactivity

|            |                              |
|------------|------------------------------|
| Reactivity | Product cures with moisture. |
|------------|------------------------------|

# SAFETY DATA SHEET

FLOWFILL GROUT GP  
Revision Number 1.01

Revision date 10-Mar-2021  
Supersedes Date: 03-May-2018

## Chemical stability

**Stability** Stable under recommended storage conditions. Keep away from Incompatible materials.

## Explosion data

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

## Possibility of hazardous reactions

**Possibility of hazardous reactions** None under normal processing.

## Conditions to avoid

**Conditions to avoid** Product cures with moisture.

## Incompatible materials

**Incompatible materials** Strong acids. Strong bases. Strong oxidizing agents. Acids. Aluminum.

## Hazardous decomposition products

**Hazardous decomposition products** Carbon oxides.

## **Section 11: Toxicological information**

### Acute Toxicity

### Information on likely routes of exposure

#### **Product Information**

**Inhalation** Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.

**Eye contact** Specific test data for the substance or mixture is not available. Severely irritating to eyes. Causes serious eye damage. May cause burns. May cause irreversible damage to eyes. (based on components).

**Skin contact** Specific test data for the substance or mixture is not available. Causes skin irritation. (based on components).

**Ingestion** Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

**Symptoms** Redness. Burning. May cause blindness. May cause redness and tearing of the eyes.

### Numerical measures of toxicity - Product Information

The following values are calculated based on chapter 3.1 of the GHS document

ATEmix (oral) 19,197.00 mg/kg

| Chemical name                                     | Oral LD50            | Dermal LD50         | Inhalation LC50              |
|---|----------------------|---------------------|------------------------------|
| Quartz  | >2000 mg/kg (Rattus) | -                   | -                            |
| Cement, portland, chemicals (Chromium VI reduced) | -                    | >2000 Kg/mg (Lapin) | >5 g/m <sup>3</sup> (Rattus) |

See section 16 for terms and abbreviations

### Delayed and immediate effects as well as chronic effects from short and long-term exposure
